Portfolio: https://julienassouline.github.io/data-studios-projects

Experience

National Digital News Desk Intern, CBC, Toronto, Canada   Sept 2018 - Oct 2018
Placed with the interactive team. Worked with reporters to get data and   build responsive visualizations for stories. Improve and build new features on web projects. Performance optimization with regl and canvas.

Newsroom Intern, Flourish, London, England   May 2018 - August 2018
Built and designed flourish templates such as the parliament and chord diagram templates. Fixed bugs, applied new modules, and added new features across all templates. Wrote blog posts and created visualizations for corporate customers using flourish.

Contributor, Beyond the Box Score, Online   Nov. 2016 - May 2017
Wrote data driven bi-weekly articles about baseball. Gather, analyze and find stories in baseball data. Create graphics to help contextualize and inform the reader.

Freelance, The Hardball Times & Baseball Prospectus, Online   April 2016 - Sept. 2016
Pitched evergreen story ideas to editors. Stories were on baseball topics that had never been covered before, such as "Gender Division in High   School Participation Rates".
